About Me

Hello! My name is Tara and I am a veteran graphic designer of 11 years and a certified Adobe Illustrator master. I specialize in branding, logo, and social media design with a focus on vector artwork. I am competent in a wide variety of styles, but bespoke freehand logo designs with watercolor embellishments and a feminine flair are my specialty.

My Values

The core values of karma design studio are the non-aggression principle and bodily autonomy. Because of this, we do not create artwork for any companies promoting animal usage or products.

My Mission

Providing professional and expert graphic design services for your website or business.
